

Title: Armed and Dangerous (Hector Vazquez)

Date: 4.26.10

Series: NA

Text: Rom 8

Synopsis: God never promised us a rose garden, a walk on the beach, or to an easy, relaxed, chilled out life. I'm sure that those of us that have entered into His Kingdom on this side of heaven can attest to that. God calls us onto the battlefield to live as overcomers, to be more than conquerors.

You can't be an overcomer if there is nothing to overcome, or more than a conqueror if there is nothing to conquer. But there's plenty. Life throws all kinds of situations, problems and challenges that need victory. And if that weren't enough, we also have an enemy that is lurking about like a lion seeking to destroy our businesses, families, children, marriages, and even our souls. His name is Satan. Therefore, God has equipped and armed you to be dangerous and to do serious damage to the kingdom of darkness as well as to be victorious in whatever circumstances you find yourself in.

You see we live in the reality of two worlds: the visible, physical, natural world and the invisible, spiritual, supernatural world. God has armed you to be dangerous to the kingdom of darkness. Run toward that darkness...as David ran towards Goliath.
